Here is once more the excerpt from the WRRC Online Competitions 2021 Rules:

For each competition, the code name will be published on the WRRC competition web page – one person from couple/formation will have to show this code name, specific for each competition, and song number (form the lists above, or personal WRRC approved music number) on a white paper and clearly visible on the footage on the beginning of the video.

After this, allow a minimum of five (5) seconds before the dance performance starts. This part is for verification only and it will not be shown in the airing of the competition:

Example:

Regarding the recorded video file, please follow these rules:

Videos should be recorded in a horizontal format (vertical videos will not be accepted).

The video file should be only in mp4 format :

- **Resolution of the video: HD 1080P, or HD 720P**
- **Maximum file size for single video upload: 150 MB**
- **Maximum file size for double video upload: 100 MB per file, 200 MB total (file 1 + file2).**
- The alternative way (if the file size limits could not be achieved, or server-timeout message pops up), is to send it via WeTransfer to the WRRC Office (info@wrrc.dance). Also, in this case, we will accept only files for the couples/formations already announced through the WRRC Registration System.
- **Categories Children, Juveniles, Juniors and CDS can send 2 videos:**
 - video 1 for the preliminary round on predefined WRRC music
 - video 2 for the final round on predefined or personal WRRC approved music.

- In case they send only one video file (video 1) it must be on the predefined WRRC music, and it will be used also for the final round.
- **Categories MCCS, MCFS must send 2 videos:**
 - video 1: 5-acro program for the preliminary round on predefined WRRC music
 - video 2: 6-acro program for the final round on predefined or personal WRRC approved music.
- **Categories GF and LF must send 2 videos:**
 - video 1: short program for the preliminary round on personal WRRC approved music
 - video 2: long program for final on personal WRRC approved music.

- Videos should be recorded from a solid position (tripod or similar). Handheld videos will not be accepted.
- No light effects can be used - Just natural light and standard hall light. No background noises and no cheering are allowed.
- Dancing direction should be towards the camera (facing).
- Video must be recorded so that all body movements in dance figures and acrobatic elements must be fully visible, but also recording should be made so that couple/formation is not too small. Formations **MUST** be recorded from an elevated position with good visibility on all dancers, lines and patterns.
- In the background, no banners from a national association or club are allowed, no mirrors are allowed, just plain sports hall background - Preferably with a few colors as possible. Also, no other people than the performers are allowed to enter the recording area.
- **No additional editing (cutting in the parts of the video, special effects) of the video is allowed, except cropping to 16:9 video format and converting to the appropriate file format, resolution and file size. Applying of any video and audio filters is also not allowed - Any video with such editing will not be accepted and the participants will be banned from the next competition.**
