8. IMPORTANT: Audience & Venue Flow

We have over 1,000 competitors registered across the two days.

We confirm that dancers competing on one day have free entry to the hall on the second day. **To ensure a smooth flow of traffic and safety, we kindly ask all coaches to instruct the dancers who are NOT competing on a given day to support their team from the TRIBUNE (spectator stands).**

This measure is crucial to reduce congestion around the dance floor and the warm-up area, allowing competing couples and formations adequate space to prepare.

9. TIMETABLE

*The **Timetable** for the competition is published on our official website.*
